7. DUTTONS ROAD OFFICES

The Clerk referred to a letter he had received from the Director of Leisure & Technical Services which set out the achievements of the Architectural and Surveyors Team who had undertaken the project and to the surveys of the Duttons Road offices that were undertaken prior to the commencement of work. These had revealed no visible signs of structural defects to the building which were subsequently revealed once walls and ceilings had been removed.

RESOLVED -

That the position be noted and the Borough Council be asked for information on the necessity for and costs of refurnishings, re-equipping of the offices with new IT equipment

and the provision of new security accesses.

8. HIGHWAYS

(a) Speed Limit

A detailed letter from the Area Surveyor indicated that Braishfield was likely to be considered for the introduction of a speed limit later in the year.

RESOLVED -

That the position be noted

(b) Road Safety

It was agreed that in an effort to improve road safety in the vicinity of the square informal enquiries be made with frontagers about the possible dedication of land for a footway. Councillors Musselwhite and Mrs Stitt agreed to undertake an informal survey.

(c) Dores Lane

The Area Surveyor indicated that the Highway Authority could not prevent heavy goods vehicles gaining access to their premises off of Dores Lane. The Chairman reported that the Borough Council were investigating planning conditions relating to the industrial use of the premises at Hawkes Farm.

(d) Footway - Common Hill

The Area Surveyor confirmed that although funds for the footway scheme outside the primary school were limited he would make efforts to extend the path, of a slightly reduced quality, as far as the first properties in Common Hill.

(e) Parking in Braishfield Road

Concern was expressed about parents parking their cars in Braishfield Road when delivering and collecting children from the primary school.

RESOLVED -

That the Romsey police be notified of the Parish Council's concern at parking on the Braishfield Road particularly when there was adequate off street parking in the close vicinity of the school.

(f) Resiting Postbox

RESOLVED -

That in a further effort to improve road safety in the square Royal Mail be requested to

consider resiting the postbox from its present location to a point adjoining the bus stop opposite "Parbrook" and "Oakrood".

9. FOOTPATHS

RESOLVED -

That the footpaths' representative contact the County Rights of Way officer to request the clearance of undergrowth from footpaths between Braishfield House and Paynes Hay Road and Merriemead Farm and Farley Road.

10. VILLAGE POND

RESOLVED -

That a sum of £15 be paid to Diane Riddett for her efforts in regularly cutting the landscaped area around the pond.

11. RECREATION GROUND

(a) Requests for Use

RESOLVED -

That Hall & Tawse be permitted the use of the ground on Tuesday 12 July for a rounders match and Braishfield School be permitted use of the ground on Saturday 25th June for their Annual Fete.

(b) Braishfield Football Club

Consideration was given to a request from the Football Club for use of the ground on Sunday afternoons during the 1994/95 football season to allow the Club to run a County Under-18 team. It was anticipated that this would involve 15 games.

RESOLVED -

That in view of the existing use of the pitch by two football teams during the weekends the Braishfield Football Club's request be refused as an additional team playing regularly was likely to result in over-use of the ground.

(c) Tree Stump

RESOLVED -

That the work arranged by Tim Howkins to remove the tree stump in the Recreation Ground at a cost of £50 be confirmed.

(d) Play Area Seat

Councillor J Musselwhite confirmed that he had made a provisional order for a wooden seat.

RESOLVED -

That the order for a Laxton seat in the sum of £160 be confirmed and that Councillor Musselwhite make arrangements for the installation of the seat subject to a maximum cost of £75.

12. REFUSE COLLECTION

Councillors commented that despite Braishfield residents separating their refuse into compostible and non-compostible materials the collectors were tipping their bins into a single container on the refuse freighter.

RESOLVED -

That the Director of Environmental Health be informed of this and his comments sought on the continued operation of the split bin refuse collections.
