OBJECTION with the following comments:
The new plot is 30% larger than the original footprint.
Are additional buildings such as the cartshed necessary?
The garden room was never granted planning permission.

145. Update on Neighbourhood Design Statement
Mark Sennitt reported on the response from the village survey: 128 responses 46% Mark felt this was a good representation and the steering group will now analyse the comments. The biggest issue to arise from the survey was the speed of traffic through the village followed by the need to protect open spaces and village boundaries. The group will be looking for volunteers to help with the production of the final document.
